

# You "can" send us to Girl's Camp with your cans!

To raise money for Girl's Camp this year we will be holding a recycling drive. To help, simply bring your empty *aluminum cans* and *water bottles* to church on Sunday.

Every Sunday there will be a recycle bin in the parking lot by the trash bins with a sign on it where you can drop them off.

## Ideas for collecting cans and bottles:

- Save the cans and bottles you use at home.
- Pass out fliers to your neighbors asking them to help contribute cans.
- Set up a trashcan to collect cans where you work.
- Ask friends and family to save their cans for you.

If you have any questions, contact \_\_\_\_\_.
